**Subject:** Pavillion briefing doc and next week's briefing  
WDEQDftFnlRptSigniflssues.docx

Here is a revised version of the briefing paper that incorporates some of our discussion from earlier this week. Please let me know if you are okay with it so Noah can send up to Betsy. Also, I think that ORC (Paul and Kimi) and Rich Mylott should be included in the briefing next week. If you agree, Noah can add them to the invitation list. Also we should add Deb McKean, Kristen Keteles and Rob Parker, yes?
